ILO'S COMMITMENT

SSE AND THE ILO

ILO's commitment to the advancement of SSE is grounded on the conviction that:

"lasting peace can be achieved only if it is based upon social justice" (ILO Constitution)

"productive, profitable and sustainable enterprises, together with a strong social economy and a viable public sector, are critical to sustainable economic development and employment opportunities" (ILO Declaration on Social Justice for a Fair Globalisation).

The social economy cuts across all four dimensions of the Decent Work Agenda.
